Better Cooking by Electricity

Women have long known that electric cooking is cleaner, that it banishes all the dust and ashes of coal and wood and soot and fumes of gas. They have known that it makes the kitchen cooler; the air purer; that is the most convenient way to cook. Now they have the word of the women who stand for the most scientific cooking methods known, that electric cooking produces better results than any other means.

Let us demonstrate the various sizes of ranges and refer you to the satisfied electric range users.

NEW RAILWAY EPOCH

May 31 History Making in Changes on Nation's Roads.

The last days of May, 1918, will be a history-making period for the railroads of the United States. Things that have happened or are about to happen are:

1—The removal of the heads of all the railways and railway systems from any connection with the operation of the properties, and the putting of Federal managers in their places.

2—The putting of all the business of all the railroads on a cash basis.

3—Issuance of General Order No. 27 granting an increase of wages and the basic eight-hour day to all railway employees. The increases in wages in the aggregate will amount to approximately \$300,000,000 a year.

4—Increases in freight and passenger rates to meet the increased cost of operation and materials.

5—Physical improvements and purchase of equipment authorized at an aggregate cost of between \$800,000,000 and \$900,000,000.

6—The taking over and operation of the express companies as a part of the Federal Railroad Administration.

7—The taking over under Federal control of all the short-line railways of the country, putting practically every mile of steam-operated railway under government control.

8—The taking over and operation of the Pullman car system (not the plant or corporate body) as a part of the Federal Railroad Administration.

FINES GO INTO WAR CHEST

Dayton Patriots Offered Naval Experience in Law Breaking.

Dayton, Ohio, May 27. — Patriotic citizens of Dayton, and that includes almost every person in the Gem City, will add a considerable sum to the city's War Chest if they heed the advice of Judge W. A. Budroe, of the police court. The judge invites the public to get arrested as often as they possibly can, as all money over and above the actual court costs is to be turned into the city's War Chest. The judge says citizens should get arrested for "patriotic reasons." He has arranged a schedule for the "patriotic violators of the law" as follows:

Auto speeding, \$10 and costs up to 20 miles, and \$1 a mile for all over 20 miles passing street cars with autos while passengers are alighting, \$5; drunkenness, \$5; auto lights not burning, \$2; fighting citizens, \$10; fighting enemies, dismissed; petit larceny, all goods taken to be turned over to the War Chest and fines to be assessed in accordance with the amount of goods taken; disturbing the peace, \$5.

All other fines will be levied in proportion to the offenses. It is expected several thousand dollars will be netted in this manner. A somewhat similar plan was followed during the Red Cross drive, though the program has been considerably extended.

"DAMN," SAYS PREACHER

But Congregation Cheers When He Denounces Kaiserism.

Cumberland, Md., May 27.—"Damn those who sympathize with the German!" exclaimed Rev. Dr. Robert MacGowan, pastor of the Bellefield Presbyterian Church, Pittsburgh, speaking Saturday at a luncheon of the War Chest workers in the Central Y. M. C. A. headquarters here. The audience, startled at first by the minister's sudden outburst, coming as the climax of a vigorous patriotic address, recovered from its astonishment almost instantly and joined in a storm of cheers.

Dr. MacGowan said no normal man wants to kill other human beings, and the United States did not want to enter the world war. "But we have entered the war," he continued. "We couldn't keep out of it and hold up our heads among Christian nations. And, now that we are in it, the business of our soldiers and those of our allies is to kill Germans, and kill as many as they can. There is no room over here any longer for any man or woman who is not heart and soul against German autocracy and all the things it stands for."

Arm Band for Women.

Washington, May 27. — American women who have lost members of their families in the service of the nation will wear a black arm band bearing a gold star instead of mourning if a plan recommended by the woman's committee of the Council of National Defense is generally adopted.

President Wilson, in a letter to the chairman of the committee, Dr. Anna Howard Shaw, said:

"I hope and believe that thoughtful people everywhere will approve of this action, and I hope that you will be kind enough to make the suggestion of the committee public with the statement that it has my cordial endorsement."

GETS TWO YEARS

L. H. Keenan Convicted of Espionage Violation.

Martinsburg, W. Va., May 27.—In the Federal court at Wheeling, L. H. Keenan, a well-known attorney of Elkins, W. Va., was found guilty of violating the Espionage act and sentenced to two years in the Federal prison at Atlanta, Ga., by Judge Alston G. Dayton. The convicted man went when he stood up to receive sentence. Before his arrest at Elkins on a warrant issued by District Attorney Stuart W. Walker, of Martinsburg, Keenan was seized by a mob and tarred and feathered, and later in the Randolph county jail was roughly handled by several prisoners, who became incensed over his reported utterances. In view of the punishment already meter out to Keenan in this manner, District Attorney Walker did not press for a more severe sentence from the court.

KILLED IN AUTO WRECK

Her Neck Is Broken When Car Hits Ditch, Turning Over.

Easton, Md., May 27.—Another automobile accident occurred near this town yesterday which resulted in the death of Miss Woolford. Bowling Blades, son of James Blades, a farmer near Queen Annie, started out yesterday morning in his automobile bile for a ride with Miss Woolford, her father and two children in the machine. In crossing a bridge on the road he lost control of the car and it ran into a ditch, turning turtle. All the occupants were thrown out and Miss Woolford's neck was broken. The others were brought to the Emergency Hospital, where it was found that each child had a leg broken and Blades' arm was broken. Mr. Woolford escaped with bruises.

American Airman Killed

Paris, May 27.—Two American aviators, Paul Kurtzon, of Philadelphia, and Roger Babiani, who came from Cuba, have been killed on the front. Both had been in the American ambulance service and transferred to the American Flying Corps.

Kurtzon, according to the advices, after having completed his training as an aviator, asked permission to go up on Thursday. He flew over the German lines and soon afterward his machine came down in flames. Babiani, who was killed on Tuesday, was the wearer of a French military cross awarded to him for bravery while acting as an ambulance driver in 1915.
